

GroStar™ GS4 pH/EC Pocket Meter

Main Features

- Measures pH, conductivity (EC and 500 ppm/700 ppm), and temperature (5-in-1)
- Premium electrode technologies and materials ensure high accuracy and long service life with minimal maintenance
- Easy-to-use design and quick calibration setup
- Replaceable electrode, so you don't have to replace the entire meter when the electrode reaches the end of its life
- Large 3-color backlit screen provides clear information
- Durable construction, IP67 waterproof rating
- Powered by AAA batteries with auto-off function
- Automatic temperature compensation

Technical Parameters

pH	Measuring range	0,0 to 14,0
	Resolution	0,1
	Accuracy	±0,1
	Calibration Points	Automatic 1- to 3-point calibration
EC	Measuring range	0 to 10,0 EC 0 to 7000ppm (700ppm) 0 to 5000ppm (500ppm)
	Resolution	0,1 EC 10ppm (700ppm) 10ppm (500ppm)
	Accuracy	±0,1 EC ±30ppm (500ppm) ±40ppm (700ppm)
	Calibration Points	1 point (2,77 EC)
Other	Power supply	4 × AAA Batteries
	IP rating	IP67
	Dimensions	40×40×178 mm (with box: 275×135×45 mm)
	Weight	133 g (with box: 330 g)
	Display	3-color backlit LCD

What's in the Kit

GS4 pH/EC Pocket Meter	1
pH4.00 Calibration solution (50ml)	1
pH7.00 Calibration solution (50ml)	1
2,77 EC standard calibration solution (50ml)	1
3M KCl Storage Solution (10ml)	1
AAA-Batteries	4
Manual	1
Lanyard	1
