

SX630 ORP Pocket Meter

Main Features

- Ideal meter for determining oxidation-reduction potential (ORP)
- Measuring range -1999 mV to +1999 mV
- A slim, replaceable platinum electrode suitable for test tubes
- Waterproof housing with IP57 rating
- Complete kit: standard solution (222 mV) and storage solution (3M KCl) in a compact case

Technical Parameters

mV	Measuring range	±1999 mV
	Resolution	±1 mV
	Accuracy	±0,2% F.S
Other	Power supply	2 × CR2032 batteries
	Operating time	Up to 1000 Hours
	IP rating	IP57
	Dimensions	148×29×14 mm (with case 165×95×28 mm)
	Weight	49 g (with case 160 g)

What's in the Kit

SX630 ORP Meter	1
222 mV Standard solution	1
3M KCl Storage Solution	1
CR2032 battery	2
Manual	1
Case	1
